Northern Fruit and Vegetable Program

In February, we started receiving produce from the Northern Fruit and Vegetable Program Every Monday, fresh fruit and vegetables are delivered to the school. The produce is made available to our students for afternoon snack throughout the week. The program also provided us with a fridge to store the fresh produce.

.This program is fully funded by the Ministry of Health and Long-Term Care, and is run in partnership with the Ontario Fruit and Vegetable Growers Association and the North Bay Parry Sound District Health Unit. The program is designed to increase awareness and consumption of fruit and vegetables among elementary school students in Northern Ontario.

A big thank you goes out to Sue Marsh for coordinating the program for our students!

Grandfather Teachings

Our Grandfather Teaching for March is Humility. To be humble about our accomplishments is to be strong. Humility means that we are feel good about ourselves without feeling like we are better than others. When we are humble, we recognize that we all have things about ourselves that we can work on improving. We will have our March Grandfather Teaching circle on March 8th.
